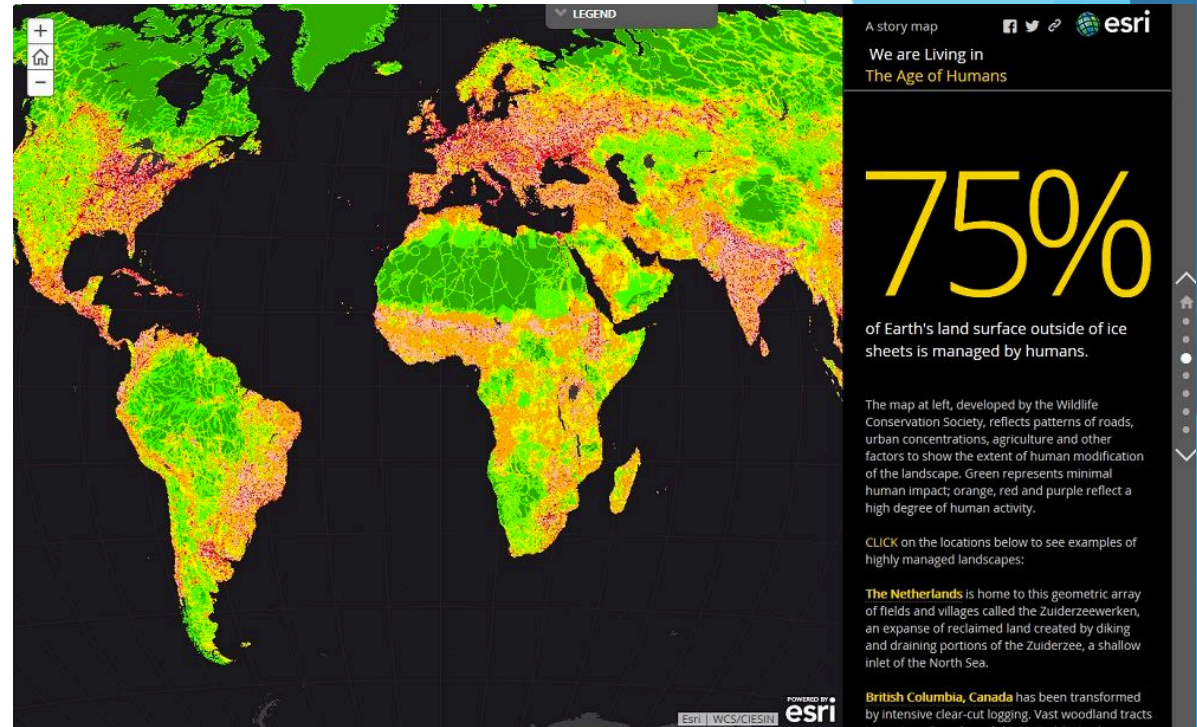

Mapping in the Cloud: ArcGIS Online

- ▶ ArcGIS Online is an online, collaborative web GIS.
- ▶ No software installation needed!
- ▶ Use, create, and share maps, scenes, apps, layers, analytics, and data.
- ▶ Integrated with other Esri products and platforms
- ▶ Includes a variety of app templates you can customize to your maps and data

Story Maps

- ▶ A **story map** is a web application which combines maps with narrative text, images, and multimedia
- ▶ A powerful communication tool to share your work and engage your audience
- ▶ Can be any story you want to tell that involves maps, places, locations, or geography
